TASK 1

Your Polish friend Frederik is going to travel to the UK on business for four days and his company has booked him a room at the *Z Hotel* in Bath. He will be free in the afternoons, but he doesn't speak a lot of English so he is worried he'll get bored every day after work.

You have found this online information about the hotel. Read the text and then write a Whatsapp message (50-60 words) to Frederik giving him information about a minimum of 3 things to do in his free time there. Try to use your own words as much as possible, using only relevant information, respecting the number of words given and using the format of a Whatsapp message.

The *Z Hotel Bath* is a 149-bedroom hotel providing affordable luxury accommodation in the heart of this World Heritage City. The hotel - with bedrooms designed perfectly for short stays - forms part of a new development in Saw Close, an area known for its rich social history. Located directly opposite Bath's Theatre Royal, one of the oldest theatres in the UK, the hotel is arranged over a ground and three upper floors with all bedrooms comprising en-suite shower rooms and large Samsung HD TVs with full access to Sky and BT Sport channels. Complimentary Wi-Fi is available throughout the hotel. Bath has long been recognised as a leading well-being centre since Roman times and guests will find the famous Roman Baths and Thermae Bath Spa just a couple of minutes' walk away. Local attractions also include Stonehenge and Longleat Safari Park. Bath Spa station is located within a 5-minute walk of the hotel with central London just one hour away by train.

TASK 2

In your English class, the teacher has asked your group (you and two classmates) to do some research on the Internet about **the mobility of young people in the European Union**. You need to find information about people who have never spent any time abroad and why.

You have found this infographic, so you decide to write **a short email (50-60 words)** to your classmates telling them what you found out in the infographic about people who haven't stayed abroad. Explain the relevant information about that particular part, including the reasons why they haven't stayed abroad.

Use your own words as much as possible (do not copy texts literally from the infographic), include only the most relevant content, respect the minimum and maximum number of words given, and use the register of an informal email.

Hi you two,

According to the infographic I found...
