TASK 1

Write a review of your favourite restaurant for a local English-language newspaper. Think about what kind of person the restaurant would appeal to and how best to attract this kind of person. Include information on decor, atmosphere, people who run the place, menu and personal recommendations, etc. Write 150-175 words.

TASK 2

You receive an e-mail from your friend. As it is going to be very hot, you are concerned that they might suffer heat stroke. You decide to write back, answering his/her questions and giving him/her some advice, using the information in the infographic below, which you have found online. Write your email using 125-150 words.

Hi!

How are things? I hope you and your family are well. Guess what? I'm coming to your town for 2 weeks. I can't wait! I'm super excited ;)

I know you won't be finishing your exams until the end of the month, so I could spend a couple of days sightseeing on my own (you know how much I love it!) and then I'll text you so that we can meet once you're free. What do you reckon?

I know your town is lovely. I've seen pictures of it on the Internet. What's worth visiting? Any favourite restaurants? What do you recommend?

Looking forward to seeing you.

Love,

Robin

TOP TIPS TO BEAT THE HEAT

**H₂O
to go**

Take a bottle of cold water with you when you're out and about.

Avoid

Alcohol, tea, coffee and hot, spicy and salty foods can make dehydration worse, so think about avoiding them during hot weather.

Be cool

Make use of fans or air-conditioners set to cool.

Rest

Make sure you get enough sleep and rest if you feel tired.

Dress down

Wear lightweight, light coloured, loose-fitting clothes made from natural fibres, like cotton or linen.

Enjoy

Try eating more cold foods, like salads and fruits. They contain water and are more refreshing in hot weather than hot foods.

Soak

Take a cool shower or bath to help you cool down when you feel hot.

Shade

Wear a hat or take an umbrella with you for shade if you're outside on a hot day.

WATCH

OUT

- Be on the lookout for any symptoms of heat related illness.
- See your GP if you are unwell.
- In a medical emergency, call 000.
