# TASK ONE

**Please only use this document for your notes. Write your final version on the answer sheet. Tasks written on this paper will not be corrected.**

## **TASK ONE (5 points)**

**Read the instructions carefully and write an e-mail of 60-70 words.**

A friend of yours is visiting London for the first time. Your friend is not used to the frenetic pace of city life and has asked you for some tips on how to stay safe while getting around. Your friend has been searching for some crime prevention advice on the Metropolitan Police website but he/she is confused with too much information. Read the following section of the site and write an e-mail of 60-70 words to tell your friend, using your own words where possible, the relevant information to stay safe in London.

**Task that do not follow the instructions will not be marked.**

## **How to protect yourself from Street robbery**

### **Look confident**

You are less likely to be targeted if you look confident. Move with purpose and try to be aware of your surroundings.

### **Know where you're going**

Plan your route and think about what to take with you. Keep to busy, well-lit streets which are more likely to be covered by CCTV. Only take licensed taxis or minicabs booked in advance.

### **Hide it**

Keep your valuables out of sight. If you're using your phone it's more likely to be snatched from your hand as you're not paying attention to your surroundings.

Never leave a mobile, wallet or purse on the table of an outdoor café or restaurant. Same goes for any jewellery you might be wearing – keep it covered when walking down the street.

Finally, if you're threatened with violence, don't risk your personal safety. Property can be replaced, you can't.

## MODELO 1

### TAREA 2: MEDIACIÓN ORAL

#### INSTRUCTIONS

You and a friend of yours are going to stay in a rented house in West Yorkshire, England, for a few months. Since your friend is quite concerned about crime in the area, you have been doing some research on Crime Prevention on the West Yorkshire Police website. Read this extract from the site, **select the relevant information and tell** your friend, using your own words where possible, the main principles of crime prevention to ease his/her worries.

You can take notes during the preparation time. You can only use these notes as a guideline. The test will be recorded.

**Preparation time: 5 minutes**

**Presentation time: 2-3 minutes**

#### The Principles of Crime Prevention

1. **Target Hardening:** Making your property harder for an offender to access.
  - Upgrading the locks on your doors and windows.
  - Using secure passwords to prevent criminals hacking your online accounts.
2. **Target Removal:** Ensuring that a potential target is out of view.
  - Not leaving items on view through your windows – i.e. laptops, phones, keys,
  - Not leaving valuables on display in your car.
  - Being cautious about what you post online as it may be used to identify or locate you offline.
3. **Reducing the Means:** Removing items that may help commit an offence.
  - Not leaving tools and ladders in the garden and clearing up any bricks.
  - Keeping wheelie bins out of reach as they may be a climbing aid.
4. **Surveillance:** Improving surveillance around homes,
  - Removing high fences at the front of your home that allows an offender to work unseen
  - Establishing a Neighbourhood Watch Scheme in your street
