A waste-free lifestyle

Most experts argue that we need urgent actions to repair the environmental damage to our planet. Whether you're at home, on the go, in the office, or at school, what can we do to help make a difference in our environment every day? Give a short presentation on how we can lessen our impact on the environment. You can use the following ideas to help you prepare your presentation:

- Reduce plastic waste
- Make your home more energy efficient

You can take notes to be used as a guideline. Your exam will be recorded.
