EVALUADOR/A:

C1 INGLÉS

## TASK A. PRODUCTION. A LETTER TO THE EDITOR.

### IS TOURISM DESTROYING OUR CITIES?

You have recently read an article about **touristification** in “The Reader”, a local newspaper. Touristification is the process in which a place becomes an object of tourist consumption, thus leading to changes in that very place. Some changes as a result of this include increased housing prices, increased carbon emissions, and the degradation of local sites, among others. With many European cities experiencing this, more and more people think governments should impose strict regulations on tourism as a way to preserve cities.

**Write a LETTER TO THE EDITOR (around 200 words) of “The Reader” giving your view on this issue and answering the following question: is it possible to create a healthy balance between tourism as a leading industry and the rights of the locals?**

**10 POINTS**

## TASK B. CO-PRODUCTION. A POST.

You read the following post on [www.debate.org](http://www.debate.org):

**SHOULD OBESE PEOPLE PAY MORE TAX?**

*Yes, they cost society more money*

*Obese people require much more medical attention than thinner and healthier individuals. If Americans will not allow the government to dictate laws designed to control obesity (taxes on unhealthy foods come to mind) and they themselves will not control their weight, then they should be forced to pay for the consequences. Obese people take up space in hospitals and cost millions of dollars in avoidable illnesses. Obesity is an epidemic and needs to be controlled, but it will not be until the true costs are associated with it.*

*Benny White*

**Follow the thread and write a POST (around 200 words) replying to Benny and express your opinion on the issue.**
