

## **SHOPPING ONLINE**

### **STUDENT A**

*In a few years' time, people will buy 80% of their stuff on the Net.*

Discuss with your partner(s) the advantages and disadvantages of buying on the Internet in comparison with buying in traditional shops.

Use the ideas below to help you present your point of view:

- Price
- Convenience
- Choice
- Delivery
- Returns

**You** start the conversation.

### **STUDENT B**

*In a few years' time, people will buy 80% of their stuff on the Net.*

Discuss with your partner(s) the advantages and disadvantages of buying on the Internet in comparison with buying in traditional shops.

Use the ideas below to help you present your point of view:

- Price
- Convenience
- Choice
- Delivery
- Returns

**Student A** starts the conversation.

## ARGUMENTS

- Why do people argue?
- How can we avoid arguments?
- How do you feel after having an argument? What do you think it is the best way to make up?
