TEST 5

GLOBALIZATION

© brandeis.edu

Globalization is a deeply controversial topic. Supporters of globalization argue that it allows poor countries and their citizens to develop economically. Opponents claim that the creation of an international free market has benefited multinational corporations at the expense of local enterprises and common people.

Talk about:

- The effects of globalization on economic development and prosperity.
- The challenges globalization has to face with regard to climate change and population growth.

You have up to 5 minutes to prepare your talk. You can take notes or make a brief plan of what you are going to say. Talk to the examiners for about 3 – 4 minutes. You can use your notes during your talk, but you cannot read them aloud. Your production will be recorded.

AI is developing at a fast pace and paving the way for more efficient lives. However, English theoretical physicist, Stephen Hawking, warned about the risks of AI if human beings do not retain the ultimate control when he said, "Computers will overtake humans within the next 100 years. When that happens, we need to make sure the computers have goals aligned with ours."

Talk about:

- The increasingly important role of intelligent machines in all aspects of our lives.
- The ethical issues raised by an improper use of AI.

You have up to 5 minutes to prepare your talk. You can take notes or make a brief plan of what you are going to say. Talk to the examiners for about 3 – 4 minutes. You can use your notes during your talk, but you cannot read them aloud. Your production will be recorded.
